

## Lumiere Light Wall® Showcase

Accessorize your booth with the Lumiere Showcase! Lumiere Showcase is a 4-sided SEG-style fabric pop-up combo display that comes in small, medium, and large sizes. Countertops are included for small and medium sizes to use as a portable work surface or podium. All sizes can be fully wrapped with two custom dye-sublimated printed graphics. The front graphic includes the end cap panels, while the back panel is separate. Graphic installation is easy with the use of Silicone Edge Graphics (SEG). Silicone beading is sewn to the edge of the graphics that are pressed into channels on the perimeter of the frame. A travel bag with carry handles is included for storage and transport.

A mini internal showcase can be added to the frame to display your featured products. An adjustable clear acrylic shelf is included with the mini internal showcase as well as an overhead LED light. There is a channel around the front and back perimeters of the showcase to install your SEG graphics\* for a clean and finished look.

\*Special graphic finishing is required to use mini internal showcases. Mini internal showcase cannot be added to frames with standard graphics with no mini internal showcase cutout.

# OVERVIEW

- Aluminum pop up frame with plastic components that displays silicone edge graphics (SEG)
- 3 frame size options
  - Small = 1x2 Frame
  - Medium = 1x3 Frame
  - Large = 1x4 Frame
- Double sided SEG graphic display
  - Single sided options not available
- Tool free assembly
- Small and Medium hardware include small counter top to use display as small podium
- Available in non-backlit only (standard Lumiere ladder lights are not compatible)
- The showcase frames are smaller than the standard Lumiere Light Wall® back wall frames so parts & graphics are not interchangeable
- Includes travel bags
- There are options that include Internal Showcase Mini(s) (LLW-ISC-MINI).
  - LLW-ISC-MINI qty's and locations are set, but can be modified with a custom order. Qty's and locations of Internal Showcase Mini per frame size listed below:
  - Small = qty 1 (top section of frame)
  - Medium = qty 2 (top & middle section of frame)
  - Large = qty 2 (2nd & 3rd sections of frame)

  - Locations and qtls can be changed as a custom order

## Stretch - OC

Thickness	Printing Process	Finishing	Maximum Media Width
8.08 oz	Dye Sublimation Paper Transfer	Soft Look Bright Colors	94"

## GRAPHIC INFO

- **Material:** Stretch Fabric (FAB-STRETCH)
- **Print Process:** Paper Transfer Dye Sub
- **Finishing:** 12mm x 3mm silicone beading sewn to perimeter with pull tab added to bottom corner of graphic. End caps are connected to front graphic and with separate graphic for backside. Graphics will be cut out on the front and back if the mini showcases are added. Silicone beading is sewn into cut out sections so graphic can be installed into the perimeter of the mini showcase units.
- **Graphic Options:**
  - Double Sided Graphic Packages
    - Front Graphic + End Caps & Back Graphic
    - With Internal Showcase Mini
    - Without Internal Showcase Mini
  - Front Graphic + End Caps Only
    - With Internal Showcase Mini
    - Without Internal Showcase Mini
  - Back Graphic Only
    - With Internal Showcase Mini
    - Without Internal Showcase Mini
- **Production Time:** See Product Page for current Production Times
- **Locations:** See Product Page for current Location Availability
