## Parkway Single Span Assembly

1

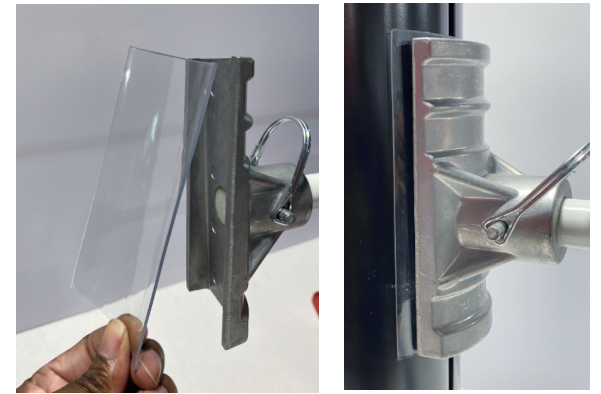

Insert the pole in the base, align the holes, and insert the U-clip pin. Install cap on opposite end.

2

Close the U-clip by latching the clip over the pin

3

Install the optional pole protector between the pole and the base.

4

Install the stainless steel band around the pole and slots on the base. Tighten each band.

5

Trim the excess band to desired length

6

Use the zip tie and secure the graphic to the u-clip as shown.

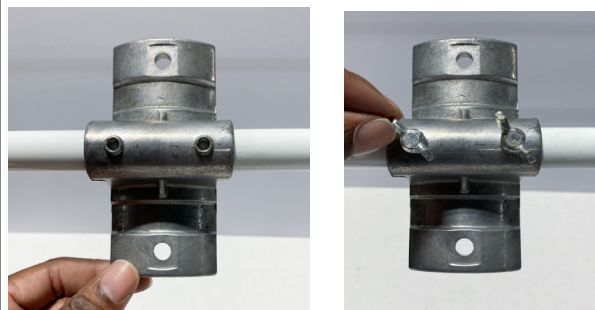

## Parkway Double Span Assembly

1

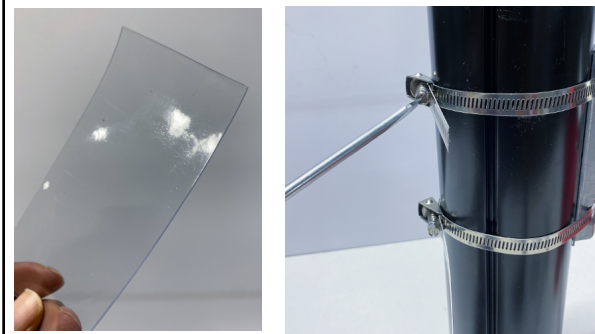

Slide the base on the pole and use the centering marks to align.

2

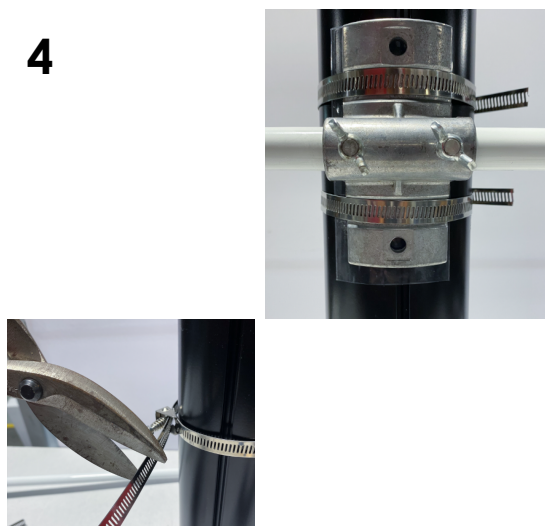

After centering, install the two set screws

3

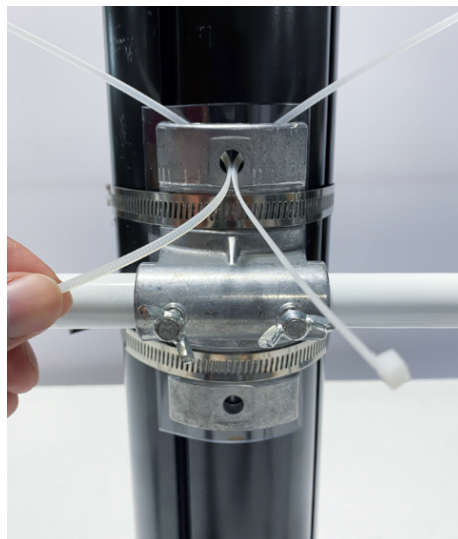

Install the optional pole protector between the pole and the base. Tighten each band.

4

Trim the excess bend to desired length.

5

Install zip ties to secure the banner as shown

6

Use the zip tie and secure the banner to the base.
